

FRANKENPEARLS

1. Cut two pieces of ribbon about 18 inches each. Or just cut one ribbon. Or cut several.
2. Hot glue the end of one ribbon to the end of one side of the necklace. Repeat for other ribbon on other side of necklace.
3. Cut a piece of ribbon about 3 inches long, and hot glue and wrap around the place where the ribbon is glued to the necklace. This will make a nice clean connection and cover up the end of the necklace.
4. Embellish necklace if desired: you can add rhinestones, bows, brooches, buttons, flowers, etc. to the connection between the ribbon and the necklace. Or anywhere you want. Or add another layer of pearls for an extra glam look.
5. Tie ribbons to wear the necklace. Walk like Frankenstein while wearing them.
