

The Teen Think Tank is an effort to allow teen librarians to help one another by sharing ideas, insights, and opinions. Our goal is for you to leave with at least one new contact and a handful of new ideas for programs, decorations, crafts, books, and more! We are trying to keep things hands-on so you get to try games, make crafts, construct decorations, and see books – all ideas and experiences you can take back to your library.

### **TEEN THINK TANK**
